### Custom Package

A custom package can be built based on your specific needs; it may simply be an altered/discounted version of one of the packages above, or crafted entirely from scratch. Please note that custom packages are only offered for a minimum total spend of 600GBP.

### Pay-as-you-go

If you are unsure of how many sessions you may need, and believe it may be on the lower side, we would still recommend at least getting the silver package, as it is very rare that students don't end up exceeding that value, sometimes even for a single essay. However, if you do wish

to stay flexible without commitment, the hourly pay-as-you-go rate is £80, with discounts offered if you can commit to/pay for multiple sessions at once.

***\*Please note written feedback consists of extremely detailed comments on almost every line, as well as an overall rating/review at the end of the essay.***

***\*\*Pre-scheduled means that these calls have to be set at pre-decided intervals, and booked well in advance. These can be rescheduled in certain extenuating circumstances.***

***\*\*\*On-demand means that these calls may also happen sporadically, but are still subject to the coach's availability; for the most part, as long as they are requested 24-48 hours in advance, availability is not often an issue.***

***\*\*\*\*Unlimited applies only until all applications are submitted. If the tutee requires more help with other matters post-submission, such as career path, university prep, exams, etc., this will not be included in the package and instead charged at a discounted hourly rate.***

Please note also that while the other packages are pre-decided deals, they do not have to be paid for all at once, and can be paid for in instalments. If instalments are missed, the package will be automatically terminated and sessions will be charged hourly. If there are any more questions about any of these packages, don't hesitate to reach out at [project45tutoring@gmail.com](mailto:project45tutoring@gmail.com), or on WhatsApp at +447786569854.
